

Cordially invites you to our

Strategic Summit on Student Consultation

The Strategic Summit on Student Consultation will create a forum to discuss the idea and practice of consultation. The format will allow for a continuous flow of people to come in at different times depending on their schedule. Although we aim to keep the discussion student-focused, administrators are more than welcome to participate in the first hour and a half. Please see the attached itinerary for more information.

We hope to see you there!

September 23rd
